Notes above

22 The point for orders here is the request of the Anglo-Indian and domiciled European assocn. of Mysore & Coorg for representation on the Rep. assembly.

23 This community had the right of returning one member to the R. A. up to the year 1922. Subsequent to the reforms, it lost the right because the community was very small, had not made much use of the privilege accorded to it and had not made its application in time.

24 Mr. Sylvester Pais moved a resolution in the last session of the Leg. Council recommending that the community may be given the right of representation in the R. A. He withdrew it on the assurance of Govt. that the matter would be favourably considered if the community applies to the Govt. again for the

Privilege

5. The present application of the Anglo Indian assocn is a result of this assurance of the Govt. It cannot, however, be considered for two reasons: —

6. Firstly, the application is not in the prescribed form. We do not know exactly what are the objects of the assocn, whether it has been registered under the Mysore Societies Regn, whether its membership satisfies the rules and whether the assocn is an active body. Further the assocn has not submitted its bye laws & rules.

7. Secondly, the assocn is not confined to the Mysore State. Its membership is open to residents of Coorg also who are not subjects of His Highness the Maharaja and who a

GEN. SECTT. P 15. JUL 1925 G. D. SECTION.

Sir,

Adverting to your letter No 6271 dated 17th of May 1924, informing me that my request for separate representation of ~~my~~ my Community in the Mysore Representative Assembly and the Legislative Council, could nto be entertained on the score that the number of the Community was too small, and also because the request had come too late, I beg to state that though the number of the Community represented in the State proper is about 4000, the actual number representating the subjects of His Highness, is much more, as a large number of land Estate Owners and others variously connected with the State's interests, reside in the Assigned Tract.

The fact that my request did not reach Government in time is due to circumstances beyond our control, as no intimation of the intending introduction of the Reforms was communicated to this Association, although it had been recognised by Government for over 20 years.

During the last Session of the Legislative Council, our representations having been further urged, we are given to understand that the Dewan Sahib graciously informed the Member

While thanking the Dewan Sahib for his kindness, the Association begs to submit their request once more to Government, and I would request the favour of your obtaining for us the right of separate representation in the Assembly, a right we have been enjoying for over 20 years in the past.

I have the honour to be Sir,

A form of application is herewith enclosed for your use.

I am also to point out that under clause (1) of rule 1 published with Notification No. P 2897/Legis 12-23-4 dated 7-11-23, persons who are not subjects of His Highness the Maharaja are disqualified from being voters to the Rep: Assembly. There is provision under the second proviso to this clause for the grant of exemption in special cases but such cases will consist of persons who have interests in the State & reside in Mysore relations in Bangalore.

I am therefore to request that your application may be reviewed in the light of the above remarks.
